Zimmerman
REMODELING AND CONSTRUCTION

Specialists in Remodeling Erie County's Lakeside Communities

We are specialists in working with the lakeside communities of the Sandusky and Cleveland areas. We may have even partnered with one of your neighbors to update their space to become the vacation home of their dreams.

New construction, tear-downs, and remodeling projects all have unique requirements. Our staff is knowledgeable on local codes, and our skilled craftsmen are dedicated to delivering the best result for your home. Regular meetings with our team throughout the project ensure that you are involved and informed every step of the way, with no need to hire someone to supervise the construction process. Let Zimmerman take care of the details and rest

assured that your remodel will be completed on time, on budget, and with the utmost quality workmanship.

With 60 years of experience in remodeling and construction and a reputation in the community for quality and outstanding service, our commitment to customer satisfaction is evident in every project we undertake. Let us exceed your expectations and make the building experience a breeze.

We Can Do Small Projects, Too

For any interior and exterior project that needs doing or if home repairs are required, Zimmerman is also available to assist. Our Home Services include carpentry, plumbing, drywall, winter proofing, painting, electrical, windows/doors and more. Contact us if you need an extra hand, we'd love to supply a quote.

Go GREEN with Zimmerman

Greg Zimmerman recently received Certified Green Professional (CGP) designation from the National Association of Home Builders (NAHB). Courses were offered at the International Builders' Show in Las Vegas, and included training on how green homes provide buyers with lower energy costs and higher value, and strategies for incorporating green-building principles into homes without driving up the cost of construction.

Benefits to homeowners of owning a "green" home include:

- Lower utility bills
- Reduced maintenance
- Improved indoor air quality
- Satisfaction of protecting natural resources
- A healthier environment

Zimmerman Construction can also work with you on financing and available rebates and energy incentives. Give us a call at (419) 483-7250 and ask us how sustainable products and green practices can make the difference in your next project.

Our Web Site Has a New Look

Zimmerman Remodeling and Construction recently launched a new redesigned and revamped Web site, www.zimmermanconstruction.com. The new site contains easy-to-navigate features and expanded content, including a project gallery showcase, newsletters, and client testimonials. Virtually explore our apartment communities in nearby municipalities, or check out the latest company news. It is our hope that the new site will help increase understanding of the remodeling process - and your home's potential.
